Welcome message From KG Phase Coordinator

Dear Parents and Guardians,

I hope this message finds you and your family in good health and high spirits for this new academic year. My name is Debbie Cunnea, from the UK and it is with great enthusiasm that I introduce myself as the Phase Coordinator of Kindergarten at EIS. I am both honored and excited to be joining your wonderful and diverse community and look forward to working together to ensure the continued success and growth of our young learners.

Having worked in education for 15 years, I am passionate about fostering an environment where every student feels supported, challenged, and inspired. My goal is to collaborate with our dedicated teachers, staff and most importantly, with you—the parents and guardians—to create a positive and nurturing atmosphere which promotes both academic excellence and personal development.

I firmly believe that education is a partnership, and I value the role you play in your child's learning journey. As we move forward, I welcome your thoughts, feedback, and ideas. Together, we can create a school community where students are encouraged to think critically, develop strong character, and strive to reach their fullest potential.

In the coming weeks, I hope to meet many of you personally, whether at school events, parent meetings, or simply during drop-off and pick-up. Please do not hesitate to reach out to me with any questions or concerns—I am here to support you and your child in any way I can and I am looking forward to an exciting and positive school year ahead!

Warm regards,
Ms Debbie

Clubs activities encourage children of all ages to pursue their interests, build friendships with other kids and learn new skills. Kids who volunteer learn how good it feels to give back. All of these help to build children's confidence and give them a sense of accomplishment
