

Dear Parents,

On the occasion of Reading Month, Excel International School is launching a **reading competition on Nahla & Nahel**, an initiative aimed at promoting a culture of reading in Arabic among students.

The competition is open to students from Years 2 to 10 and encourages them to **read as many books as possible** on the platform during the competition period, which runs from the **beginning of March until the end of April**.

Winners will be selected based on **several criteria**:

At the student level, the top students will be chosen according to the number of books read, along with their commitment to completing the readings and answering comprehension questions.

At the teacher level, teachers who most actively support students by tracking their reading and motivating them will be honored.

At the class level, the class with the highest participation in reading on the platform will be selected.

Outstanding students and teachers will be recognized with certificates of appreciation and prizes.

Please note that **only books that are fully read** on the Nahla and Nahel platform **will be counted**, and students **must answer the comprehension questions** after completing each book.

We look forward to your support.

Warmest regards,

EIS Administration
