

## DISTANCE LEARNING UPDATES FOR YEAR 10 STUDENTS

Dear Parents,

This is to inform you that all Year 10 students are required to report to school online as scheduled.

Please note that attendance is mandatory, and records will be submitted to ADEK. It is therefore important that you attend and participate as instructed.

During this time, they will have the opportunity to clarify any doubts with their teachers. Once they have completed your tasks, they are encouraged to utilize the remaining time to revise for your upcoming mock examinations.

### Examination Schedule

- The Mock Examinations will commence on Tuesday, 24<sup>th</sup> March 2026.
- Teachers will brief students on Monday regarding subject-specific instructions and expectations.

It is extremely important that students perform to the best of their abilities, as the results and recorded data from these examinations will be maintained and may be used for further instructions and review by the Pearson Board.

We understand that this is a challenging time for everyone. However, we are confident in your resilience and determination, and we believe you will rise to the occasion and perform well.

Your cooperation and punctuality are highly appreciated. EIS
