

EISCIR20/25/10/2024

Dear Parent,

EIS is gearing up to celebrate **World Sustainable Day** and **Paperless Day** on **November 1, 2024 (Friday)**. These special events are designed to bring attention to sustainability and inspire everyone to take meaningful steps toward a more sustainable future.

The theme for 2024 is "**Our Land, Our Future: We are #GenerationRestoration.**" This important theme highlights the critical need for land restoration, efforts to combat desertification, and the significance of enhancing our resilience to drought.

In a collective show of commitment to sustainability, we invite all students and staff to wear **vibrant green** attire. Picture the school transformed into a refreshing green oasis, symbolizing our united dedication to protecting the environment we hold dear.

Additionally, we encourage students to forgo traditional paper resources and bring only their digital devices—tablets or laptops—on this special day. Students will engage in interactive, hands-on learning experiences through online platforms, exploring eco-friendly practices and discovering how even small adjustments in our daily lives can yield significant, positive effects on the planet.

We also recognize the vital role parents play in fostering eco-conscious habits at home. Simple actions, such as integrating recycling into daily routines, can lead to substantial, positive change. We appreciate your support in empowering our children to make thoughtful choices that benefit the environment.

Together, we have the opportunity to create a meaningful and lasting impact on the health of our planet.

The **Term 1 – Week 9 Discovery/Enquiry Trails** is attached to this email.

Thank you for your constant support and cooperation.

Best regards,

**EIS Administration**
